Two brothers. Four hands. One set.

MEDIA DECK · OCTOBER 2026

THE ACT

Four hands, one set.

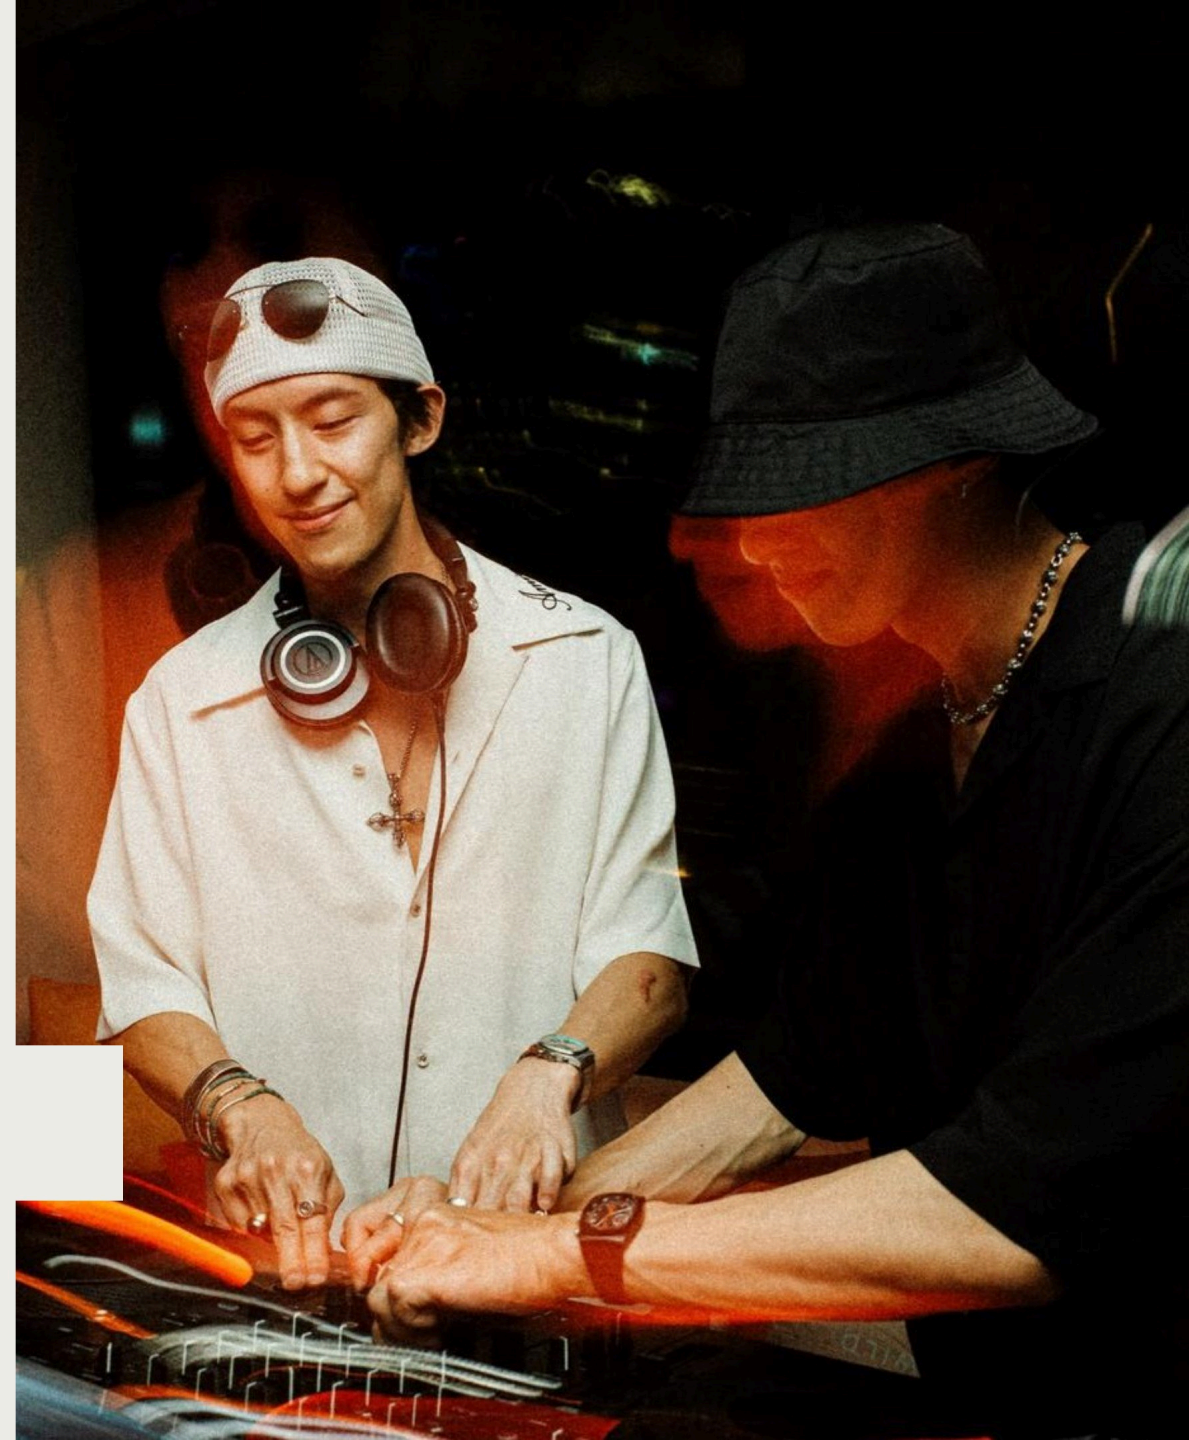

BROADCAST BIO · 46 WORDS

TWIN DRAGONS are Brandon & Julien Leo, identical twin brothers from Singapore who play together, both on the decks at once, trading and layering in real time. Their sets move from deep house and techno through alternative R&B and hip-hop, held together by one shared ear.

FRSHOFF

Julien and Brandon co-founded FRSHOFF, their independent Singapore music collective, with original records written, produced, mixed and mastered in-house.

THE STORY

Four cities. One journey.

Hong Kong

02

New York

03

Seoul

04

Singapore

Identical twins of Singapore and Hong Kong heritage, Julien and Brandon grew up across both cities, spent four years in New York, then moved to Seoul — Julien for four years, Brandon for one — before coming home to Singapore. Their ear was tuned between cultures, which is why the set never sounds like it comes from one place.
